ALLEGED CALIFORNIA MURDERERS HANGED BY A MOB AT YREKA.

Taken Out of Jail, Led Across the Street and Strung Up to an Iron Rail Between Two Trees.

DECOYED AWAY AND RETURNED TO

Harrison Lewis, a Negro, Hanged to a Tree in a "Quiet, Orderly Way" by a Mob of Kentuckians.

YREKA, Cal., Aug. 26 .- Four murderers were taken from the county jail by a mob of 250 men at 1 o'clock this morning and lynched. A band of citizens, fearing that the law would not be carried out and angered over the atrocity of recent crimes, determined to take matters into their own hands. The lynching was the climax to the reign of lawlessness which has prevailed in Siskiyou county for some months past. One of the victims was Lawrence Johnson, who, on the evening of July 28, stabbed his wife to death in the town of Etna. Another was William Null. who shot Henry Hayter in the back with a rifle near Callahans, on April 21. Louis Moreno and Garland Seemler, who are supposed to have killed George Sears and Casper Meirerhans, at Bailey Hill, on Aug. 5, were also hanged.

At 11 o'clock last night farmers from the surrounding country began to drive into tempting to carry out their purpose, however, every precaution was taken to prevent the plans of the lynchers from being frustrated by the officers of the law. The sheriff and one of his deputies were decoved to another part of town by two members of the mob, who engaged in a sham fight, and the fire bell was muffled to prevent an alarm from being given in that way. When the fail was reached a number of the men, all of whom were masked, awakened Under Sheriff Radford and demanded the keys from him. He positively refused to open the door or surrender the keys, telling them that if they broke in the doors he would blow out their brains. Finding that Radford was determined not to give them the keys they went across to the jail and got on top of a stone wall which surrounds it. Deputy Sheriff Henry Brahtlacht, who has been sleeping in the jail since the commitment of so many murderers, thinking some one was escaping from the jail, fired two shots out of the window to alarm City Marshal Parks and Deputy Sheriff Radford. then opened the doors and was immediately held up by the mob, who took the keys from him and entered the jail. THE INSURGENTS' ACCOUNT OF RECENT BATTLE IN CUBA.

Spaniards Had 170 Men Killed and the Rebels Lost Only Three-Reports Through Havana Sources.

sada of the Cuban revolutionary committee, received a letter to-day from Camaguay. Cuba, containing information of a battle which had just been fought between a body of Spanish troops and a small force under General Gomez. The letter, which was dated Aug. 11, was from Salvator Cisneros, Marquis of Santa Lucia, and gave a graphic account of the engagement, which was sharp and decisive. The Spaniards numbered 1,500 and were commanded by General Mella. They were acting as convoy for a large wagon train loaded with provisions and munitions of war on its way to the Spanish camp in the interior. The attackng party numbered nine hundred, five hundred of whom were cavalry. The wagons were plodding along when the Cuban cavalry suddenly dashed down on them from the rear. The three hindmost wagons mules attached to them. The drivers of the other wagons whipped up their mules and found safety behind the line of Spanish infantry, which was hastily formed to protect them. A sharp fire was kept up between the two forces, the Spaniards falling back slowly until they reached the brow of a small hill where a stand was taken. Recognizing the advantageous position of the enemy Gomez withdrew. The Spaniards had 170 men killed in the fight while the Cubans loss only three. One of the captured wagons was found to be loaded with army rifles. The letter said that the train of wagons was so harassed by the Cuban troops that it required seven days to make a journey commonly done in two.

TWO REPUBLICAN STATE COMMIT-TEES IN PENNSYLVANIA.

And a Possibility of Two Conventions Unless the Warring Factions Get Together and Effect a Compromise.

HARRSBURG, Pa., Aug. 26.-Senator | "Would you accept if you were nominated?" Quay and his followers made a bold dash to-day in the fight for Republican supremacy in this State by taking possession of the State committee and deposing B. F. Gilkeson from the chairmanship. Their object in doing this was to place themselves in position to prepare the rolls of the delegates to Wednesday's convention so that they might appear before that body with a prima facie case. What the effect of this move will be cannot yet be foretold, and the next move of the Hastings people is looked for with great interest. The situation in general to-night intensely exciting, and altogether uncertain. Both factions are claiming victory, but it must be admitted that those who are opposing the aspirations of Senator Quay are the most serene and confident. The junior Senator has his headquarters at the Lochiel Hotel, where he has put in a

very busy day and night. The delegates are slow in arriving, not more than 50 of the 20st having reached the city. As they arrive they are confronted for the first time in the history of the Republican party in this State by a dual and is in charge of Mr. Gilkeson, who is assisted by A. D. Fetterololf, secretary of the committee. The other is at the Lochiel Hotel and had been engaged by Chairman Gilkeson, but when he came to take possesion this morning he found that Senator Quay's followers had captured the room and placed J. Seventy-three of the 121 members of the State committee attended the meeting held

A resolution was then adopted that a committee of three be appointed to wait upon Chairman Gilkeson and to notify him that the committee had con- still employing Jamaican negroes in cutting vened and that a majority of its members were present and desired him to preside over their deliberations. ANTIS ARE CONFIDENT. At the anti-Quay headquarters to-night, David Martin, C. L. Magee and the other leaders sat around and discussed the situation, all expressing in the most confident manner possible their belief that they had won their fight. Chairman Gilkeson declined to give out any figures, but Mr. Martin said he knows of 160 delegates who will vote against Quay for State chairman. This is fifteen more than the number necessary to win. Senator Quay reiterates his previous declaration that he has not less han 160 delegates. Both sides claim to have captured some wavering delegates to-
